

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XX.

STANFORD, KY., TUESDAY, JULY 26, 1892.

NO. 43

LANCASTER, GARRARD COUNTY.

—A large crowd from here attended the Richmond fair.

—This is county court day and as the farmers are all busy, a small crowd is in town.

—A man who can pull teeth "without causing the slightest ache or pain" was here last week raking in the shekels.

—Mrs. J. M. Hiatt entertained a number of young folks Saturday night in honor of Miss Sue Layton, of Cincinnati.

—The first piano made by Jonas Chickering was in 1823 and was sold for \$275. It is now in the possession of George Chickering.

—Rev. J. R. Terry leaves to-day for a three weeks' visit to his relatives in Indiana. There will be no preaching at the Presbyterian church next Sunday or the Sunday following.

—Your correspondent acknowledges the receipt of an excellent photograph of his old friend and companion, Dr. Matthew David Logan, of Boyle. The doctor is one of nature's noblemen and his friends who wish him many more years upon the earth are to be found in all parts of the State.

—The game of base ball played here Friday afternoon between the Nicholasvilles and Lancasters resulted in a victory for the latter by a score of 13 to 4. Towards the close of the game young Mr. Masters, of the Nicholasvilles, had his eye painfully injured by one of the boys accidentally striking him.

—Friday's INTERIOR JOURNALS were carried by on the Kentucky Central "cannon ball" and went to Richmond. It is true that Richmond is only 26 miles from here, but it took the entire day for the aforesaid "cannon ball" to make the round trip. A good ox team could beat the time made by the great and only (thank the Lord) K. C. railway.

—Mr. John Bogie, a farmer of this county, was before Judge Hemphill Saturday charged with evading a toll gate. It seems that Bogie's farm lies on both sides of the toll-house and he had a gate on one side and a pair of bars on the other and would use the side most convenient to his destination. After hearing the testimony Judge Hemphill fined the defendant \$10.

—Miss Helen Thurmond, of Stanford, is visiting Mrs. Uriah Simpson. Miss Beckie Pope, of Boyle, is the guest of Miss Mamie Sweeney. Prof. Merritt, the band teacher, has arrived and is boarding at Mr. Malcom Tillet's. Miss Bessie Burnside is visiting Miss Sue Herring. Miss Ella Dunn, of Bryantsville, and Miss Ballou, of Stanford, are the guests of Miss Mamie Noel. Mrs. Jacob Joseph and children are spending a few days with friends at Buckeye. Miss West, of Lexington, is visiting Miss Pattie Beasley. Miss Katie Landrum is the guest of her sister, Mrs. W. G. Dunlay, at Camp Nelson. Judge Walton Eason seems to be slowly improving.

—The old time August election is a thing of the past, and the doer is a mourner in consequence thereof. To say the least of it, the distribution of greenbacks and shiny dollars has been postponed until the melancholy days of autumn. Nevertheless the candidates go about the streets and the voice of the office seeker is heard in the land. Hand shaking is the order of the day and will probably be kept up until the day after the election. The importance of hand-shaking in a political contest cannot well be overestimated. A good, old-fashioned pump-handle shake is well calculated to impress the voter with the fact that the candidate is his friend, at all events until after the election—and that the man who desires his vote is giving a considerable amount of his time to the contemplation of schemes for the promotion of his welfare. The fact that the hand shakes are less frequent after the election is no reason why candidates should be censured; as most of them have more important things to attend to and are doubtless glad to be able to get a rest from such arduous service. Probably no man in the history of the world shook hands with as many people as General Grant, and it is known that while he never declined to follow the custom, he nevertheless considered it tiresome and to some extent useless. The European custom of bowing or using a simple word of recognition as "good morning" or "good evening" would seem to be amply sufficient. It is difficult to tell which is the most disagreeable, a cold shake or one that crunches the bones so that you are glad to be released. The old custom, however, will doubtless be kept up as long as Kentucky's seal remains unchanged with its motto: "United we stand; divided we fall."

—Our Danville correspondent mentions the death of John T. Helm, familiarly known as "Big John," because of his height and weight. His death was caused by peritonitis and he bore his sufferings manfully. A wife only survives him. He was 63 years of age.

—William K. Vanderbilt's steam yacht *Alya* was run down and sunk by the steamer *B. F. Dimock*, off Pollock, R. I., lightship, but Mr. V. and his friends escaped; loss \$500,000.

DANVILLE.

—Father Brady, of the Catholic church, held services at Somerset last Sunday.

—Mr. J. H. Engleman, of the Farmers Bank, has gone to Martinsville to try the baths for rheumatism.

—Mr. Newton Hillard and Miss Missie Ann Rowsey, both of this county, were married at the Clemens House Saturday evening by Rev. J. S. Kendrick, of the Christian church.

—Miss Carrie B. Tutt and Mr. Benj. Richardson were married by Rev. J. L. Allen, Friday evening, at the residence of the bride's mother, on the Lebanon pike, near the toll gate nearest to Danville.

—Messrs. Noel, Breckinridge and Saulley spoke at Perryville Saturday and each of them thoroughly convinced a majority of the sovereigns that he was a "fittin'" man to be the next circuit judge.

—Four candidates are out for town marshal at Junction City—A. J. Evans, Thomas Gardner, Wm. Tuttle and C. B. Helm. After taking legal advice the trustees will hold the election in August as usual.

—Miss Dora D. Tuttle and Mr. G. B. Kelly, both of Junction City, was married Thursday evening at the home of the bride's father, Judge F. S. Tuttle. Miss Julia B. Catron, of the West End, near Salt river, and Mr. W. R. Renfro, of Fayette county, were married Friday evening at the home of the bride's mother, Mrs. Elizabeth E. Catron.

—Mr. John Helm, who lives near Junction City, died Saturday morning. He was very ill several months ago and it was thought he would die every day for a week or more. He rallied, however, was able to go about everywhere and until a few days ago he seemed to be nearly well. The cause of his death was a disease of the stomach, the precise character of which the physicians could not say with certainty.

—Friday Wm. McKee, white, was sent to the work-house for 27 days for a breach of the peace. Same day John Thomas, colored, 10 days for gaming and Amanda Bright and Cally Hally fined \$3 each for abusive language. Saturday Mollie Embry was sent up seven days for taking a coat belonging to Wm. Carpenter and cutting it to pieces because he, so she said, owed her 50 cents.

A. J. FORD, proprietor of Ford's Hotel, Richmond, Va., has filed suit of ejectment against his son, B. W., who is in possession of Castleton Stock Farm, near Lexington, which has created a big sensation. It seems that Mr. Ford, who was quite wealthy, made over all of his property to his wife a number of years ago, to keep from paying a \$6,000 debt incurred in the renting of the Eutaw Hotel, Baltimore, which failed to pay. Some time after this Mrs. Ford and her husband disagreed about the property and a separation followed. Shortly after the transfer of his property Mr. Ford bought the Castleton Farm and put his son to live on it. Since then he has had a great deal of trouble with his family, and it culminated some time ago by Mrs. Ford filing a suit to have him removed from the position of trustee of the estate, which place he has held ever since he deeded her the property. She failed to gain the suit and now Col. Ford is trying to get even by having his son removed from the farm he bought for him. One of Mr. Ford's daughters is divorced and the other, who married Mr. John T. Herndon, of Fayette, is now suing for a divorce. Our Virginia readers will be especially interested in this item, for Mr. Ford is widely known.

READ HIS OWN OBITUARY.—Mr. Albert Owens is a prominent young farmer near Winnebago, Minn. He spent hundreds of dollars in endeavoring to recover from nervous prostration and a year ago was so low that a report of his death reached the editor of the Winnebago Press News. An obituary of Mr. Owens appeared in that paper and was read by him. While in this condition he began taking Dr. Miles' Restorative Remedies and in a short time was a well man. Says he never felt better than now.

—A sympathetic oculist of Nashville kissed a patient when she cried simply to soothe her, so he says, and she mentioned the fact to her father, as girls are apt to do. As a result the sympathetic oculist received a call from the irate parent, who, to soothe his own ruffled feelings, administered a severe cowhiding, and now the Rock City is wrestling with a social sensation.—Post.

—A private of the Pennsylvania troops at Homestead, who shouted when he heard of the shooting of H. C. Frick, was suspended by the thumbs for 30 minutes, by the colonel's orders, and was taken down unconscious. Later one side of his head was shaved, he was stripped of his uniform and drummed out of camp.

—The town of Iron River, Mich., was almost totally destroyed by fire and 500 people were forced to sleep in cars that night. The loss is \$200,000.

—The Paris Kentuckian says Monroe Leer's 50 acres of wheat averaged 43 bushels and he sold it to the Paris Milling Co. at 70c. These mills have bought 80,000 bushels of wheat 67 to 70c. Moses Kahn shipped 493 head of export cattle to Boston and New York. They averaged about 1,500 pounds and cost from 4 to 5c.

—Because his father threatened to disinherit him, Ed Hinton deserted his prospective bride, Miss Gay Brent, a daughter of the Superior Judge, of Paris, Ky. The young lady is prostrated.

—Mrs. Lucy Williams and S. A. Lovelace took their Sunday-school classes to the Falls last Friday and had an enjoyable time. There were between 30 and 40 little ones in the crowd.

—The motto of the Middlesboro News is, "I beg you, when you pitch your tent pitch it among the living and not the dead." This is evidently a warning to those who contemplate moving to that place.

—E. K. Wilson, of this place, has been appointed presidential elector on the republican ticket for the 11th congressional district. Napoleon Bonaparte Hayes and Mr. Wilson will make a team that will make the mountains reverberate, the like of which, &c., &c.

—Jake Bell, Jr., who has been a citizen at this place for some time and who came here from Dayton, Ohio, has been in the habit of whipping his wife and gave her a thrashing last Wednesday. He left Wednesday night just in time to save himself from a similar treatment by indignant citizens.

Hazelrigg, of Mt. Sterling, candidate for judge of the court of appeals, was here last Thursday making friends with all he met. The judge was accompanied by his brother-in-law, Mr. Hocker, who claims that Hazelrigg can beat Judge Holt with hands tied. The man that can beat Holt is the man we want.

A P. M. With an Eye to Wind-ward.

(To the Editor Interior Journal.)

MIDDLESBORO, JULY 22.—Some months ago your London correspondent boasted of having the cleverest republican P. M. in the State, and we were rather inclined that way ourselves, until our visit to this place. Now we will wager a watermelon that the P. M. at this place will wear the Pearls, from this fact: In the front window of his office hangs a large hand-painted photo. of Grover Cleveland, with this inscription: "The next President of the United States." I halted for a moment and thought: right you are, Mr. P. M., but what would Ben say if he should pass by?

W. P. WALTON.

In answer to a question propounded by a West End reader, who, by the way, reads at some one else's expense since he stopped taking the paper because we do not endorse all the wild eyed schemes of the impracticable prohibitionists, though a prohibitionist personally, we will say that our statement with reference to the election law is correct. It provides that no party shall have its candidates voted for at a general election unless that party cast as much as two percent of the total vote of the State at the previous election. The reason of this is obvious. Under the new law the State provides all the ballots and other necessary adjuncts to voting and as the expense will be very great, our law makers do not think it necessary to increase it by printing ballots and books for every little squad of people calling themselves a party. The law provides, however, and we stated it in plain enough terms, that any candidate's name will be put on the ballots and books provided that a petition signed by 1,000 voters accompanies the application. This gives our prohibition friends two chances: Either they must cast 2 percent of the vote, which is small enough certainly, or they must hustle and get 1,000 names each for the candidates they want to vote for. If they mean business it will be easy enough for them to do the latter, since they failed at the last election to do the former.

It is only candidates for State offices who have to have 1,000 names to their petitions to be placed on the books and ballots; for Congressmen only 400 is required; for county officers, legislators, circuit judge and Commonwealth attorney, 100, and precinct officers 20. See sec. 8, art. 3 of the election law.

THERE was no trouble to get a man to manage the democratic campaign. In fact the supply of willing material was very large and in striking contrast to the republicans, who tried a dozen men before one would stick. This shows the relative feelings of confidence of the two parties and presages victory for ours. As predicted, W. F. Harrity, of Philadelphia, was chosen chairman of the National democratic committee unanimously and as the nomination was made by Hon. W. C. Whitney it would seem to have the official stamp of Mr. Cleveland. Simon P. Sheerin, of Indiana, was re-elected secretary, and Robert B. Roosevelt, of New York, was made treasurer. It was decided to appoint an executive committee of 25 members, a campaign committee of nine, and an advisory board. The question of establishing western headquarters at Chicago came up, but was postponed.

THE election of a democratic president this year will restore democratic principles in National affairs, put an end to Billion-dollar Congresses and other extravagances, bury that most monstrous blow at free elections, the force bill, reduce the tariff to a revenue basis, so as not to enrich the few at the expense of the many, bring expenditures to the limit of the necessities of government economically administered and restore prosperity and confidence over the whole country. These are things that the election of Grover Cleveland will accomplish and it behooves every patriotic citizen to do his utmost to make that election sure. A united democracy can do it and all signs point to the fact that it intends to see that Mr. Cleveland is again installed in the White House.

In his speech of acceptance of the nomination, Mr. Cleveland said this among other sound and sensible things: "We see the farmer listening to a delusive story that fills his mind with advantage, while his pocket is robbed by the stealthy hand of high protection. Our workmen are still told the tale, of repeated in spite of its demonstrated falsity, that the existing protective tariff is a boon to them, and that under its beneficent operation their wages must increase—while as they listen scenes are enacted in the very abiding place of high protection that mock the hopes of toil and attest the tender mercy the workingman receives from those made selfish and sordid by unjust governmental favors."

CONGRESSMEN who were present at the notification ceremonies in New York, have returned to Washington, full of enthusiasm over the party's prospects in that State. Every faction is getting together beautifully. Mr. McMillan says he talked with leading men from all over the State and was told that Cleveland would carry New York by an extraordinary majority. Tim Campbell says by 75,000. It seems to be the general opinion that a land slide will occur all over the country. So mote it be.

TAMMANY entertained Cleve and Steve the other night, when everything was lovely and the goose hung high. They are getting together in New York in a way that makes the electoral vote of the Empire State sure for the democratic ticket.

—Noland, Missouri's defaulting treasurer, was put in stripes Saturday. Dick Tate is still at large.

A NUMBER of Senators, headed by that slippery individual, Dave Smith, and assisted by those other sweet-scented scrubs, Goebel and Mulligan, rushed through a clause to retain the auditor's agent feature in the revenue bill by a resort to the most unparliamentary and disgraceful proceedings ever enacted in any deliberative body, not excepting Reed's menagerie. Goebel was put in the chair and carried through his part of the programme with an audaciousness rarely witnessed. The people are tired of the auditor's agent fraud and this action will serve to accentuate their feelings against it and kill the lovely trio politically as dead as door nails.

A RUSSIAN Jew printer named Berkman attacked H. C. Frick, manager of the Carnegie Steel Works, in his office at Pittsburg and shot him twice in the neck and stabbed him several times. The would-be assassin was captured and taken to jail, when a dynamite shell was found in his mouth. Berkman is a rabid anarchist and is not supposed to be connected with the strikers in any way. The law should make quick work of him. There is no place in this country for red-handed assassins but at the end of a rope attached to a beam.

ARBITRATORS set the fee of Helm & Bruce in the case of the State against the Louisville Water Works from \$25,000 to \$17,500, which is about ten times as much as they should have been allowed. This firm has for years fattened off the public treasury through the partiality, as the Covington Commonwealth avers, of ex-Auditor Hewitt, and it is high time that it was let out. Such fees as they have charged and collected are a little less short of highway robbery.

LABORING men all over the country are learning that protection does not protect them and that the McKinley bill was designed to help such men as Carnegie at their expense. He is not only protected in his profits by that bill, but the State of Pennsylvania is now protecting his property at a cost of \$21,000 a day to the people. If the Homestead incident does not make democrats out of every workman, they are blind to every personal interest.

THE price of a tooth has been fixed at \$500 by an Atlanta jury. During the recent prohibition fight there a barber named Miner whom Sam Small had spoken roughly of in a speech, jumped on him in a barber shop and knocked out one of his teeth. Small sued the fellow for \$5,000 damages and a jury has just given him \$500. Miner made no defense or the judgment might have been more.

THE proposition to raise \$6,000,000 for a new system of water works was defeated in Cincinnati by 11,000. They have enough water there. It is beer they want and a better quality of whiskey.

This small falling off in 1892 is remarkable in view of the depressed condition of the iron market since the beginning of this year.

—Gov. McCreary's resolution expressing sympathy for the Russian Jews in their distress, and authorizing the president "to use his good offices to induce the Russian Government to mitigate its laws and decrees respecting Russian Hebrews," was defeated. Mr. Butler could not see the necessity for this government to meddle with the affairs of other nations and by filibustering carried his point.

OUR papers failed to reach a number of post offices last Friday, owing to some body's carelessness, and we are going to find where the fault lies.

ATTENTION is called to the card of that flourishing institution, Garrard College. Prof. J. C. Gordon is determined to increase even the high standard he has raised it to, till it becomes the peer of any in the land.

—C. A. Robinson sold to Wm. Beazley & Bro., of Garrard, 80 head of 2-year-old cattle at 4 cents.

—LANCASTER COURT.—Yesterday was another dull court day at Lancaster and the few who braved the terribly hot weather did nothing save perspire. No cattle of any consequence on the market and none were sold publicly. A few milk cows changed hands privately at \$15 to \$20 and a couple of plug horses brought \$30 and \$51 respectively.

The Flying Dutchman is still raking in the nickels. It is stated that the receipts Saturday night were \$54.
RICHMOND FAIR.—The business manager had the pleasure of attending the fair at Richmond Saturday. A good crowd was present and a very fair show of stock was on hand. The association is not a paying one, however, as there is a debt of \$12,000 hanging over it, caused by the building of their splendid mile track. There were no races Saturday, but the cake walk instead afforded the audience equally as much pleasure.

THERE will be a Mammoth Cave excursion from Lexington for the benefit of the Hazel Green school at \$8 for the round-trip with special rates at the hotel and cave.

HUMPHREY BEST got drunk at Richmond and exposing a pistol was arrested and lodged in jail, where he now is and where he ought to stay till he gets to be as good a boy as his name implies.

THE model grocer, Mr. A. A. Warren, contributes a rousing campaign song, which he intends to enter in the New York World's \$500 prize competition. Both its sentiment and its rhyme are good.

It is likely that the Knights Templar will go to their triennial convocation at Denver on very cheap rates. The Atchison, Topeka & Santa Fe announces a rate of \$12 from Chicago to Denver and return, when the agreement was that the rate should be \$28 15.

MR. E. T. PRICE's new brick house, which takes the place of the old one on the same site, is nearly completed. It is two stories, contains seven rooms and a hall and is quite a handsome structure. The brick work was done by Craig Jackman and Mr. Pence is well satisfied with the job.

THE Louisville & Nashville is one of the best companies in the country to its employees and there is never any sense in the men striking. The operators laid their grievances before General Manager J. G. Metcalf, who after giving them a patient hearing made a general advance of \$5 a month in their pay, they are allowed compensation for extra work and a grievance committee will be recognized.

LINNETTA SPRINGS is in the midst of a very profitable season. There are over 80 guests there and it is the best satisfied and happiest crowd we have seen this season. Capt. Richards and his excellent wife are untiring in their efforts to make everybody comfortable and they succeed admirably. It is a very charming place and with its seven varieties of mineral waters ought and does in many instances cure every ill that flesh is heir to.

To Teachers of Common Schools of Lincoln County:—I understand that there are a few schools in the county that are being taught by teachers who have not yet procured certificates from the board of examiners, thinking, perhaps, that a certificate granted hereafter will conform to the law on that subject. I wish to say that I cannot pay for any time taught before the certificate is issued. My orders from the State and the law also on the subject positively forbid my doing so. W. F. McClary, County Supt.

UNCLE LOGE A PORT.—In looking through the papers of his father, Mr. J. L. Bosley came across this verse composed by Mr. J. L. Dawson on the occasion of a hickory pole raising in Stanford in 1832, in honor of Andrew Jackson, the democratic candidate for president. It was written in large letters on the flag that surmounted the pole:
Freemen, cheer the Hickory tree,
In storms its boughs have sheltered thee,
O'er freedom's land its branches wave,
For 'twas planted on the Lion's grave.
The old gentleman who wrote the lines is now 88 years of age and is as strong in the faith as when he cast his first vote for Old Hickory. He has voted the straight democratic ticket all his life without scratching a name and hopes to do so again this fall when he will, D. V., cast his vote for Cleveland, Stevenson, McCreary and tariff reform.

THE Harrodsburg Democrat has this to say of Mr. Ed Fishback, formerly agent at Moreland, but for some time joint agent for the C. S. and L. S. at Burgin, who has disappeared with a considerable shortage in his accounts: Recently he developed a sudden mania for games of chance and horse racing and was considered rather a "high roller" for a man of such moderate income. He is reported to have won \$1,000 at the Lexington races and even more at the Louisville races which followed; maddened and crazed by this temporary luck, he is said to have "bucked the tiger" and played against baccarat till he not only lost his winnings, but about \$1,000, his companies funds, with which he tried to win back his losses, and which he intended to replace in the coffers of his companies. Luck went against him, however, and to escape the disgrace of punishment he fled. His wife and children have gone to her father's home in Lincoln county. The friends of "Fish" expect and hope that he will soon return and set himself right in every way.

A BASKET picnic, foot and sack races, a cake walk and other attractions are on the programme for Saturday next at Green Briar. Everybody is invited.

AN OUTRAGE.—The White Cap girls at Hales Well are said to have tied Warren Hocker to a tree and beaten him with many stripes because he would not promise to marry one of them.

THE other day the Louisville Times had a picture of Old Nick looking at a thermometer in which the mercury was trying to get out at the top and saying, "If it gets much hotter on earth I'm going back home." Yesterday settled it, and the old scamp went back to hades in order to find a cool spot.

WE are going to adopt the plan hit upon by a Western editor to keep subscriptions paid up. It is to invert the letters of every delinquent whose name is mentioned. For example: "foqu pousa and wife are spending a few days in Chicago." Every other subscriber understands what it means and there is a grand rush to get right side up again.

THE lumber in the amphitheatre and other buildings on the fair grounds was sold at auction Saturday afternoon. It was bought by different parties at from 45 cents to \$1 per hundred feet. As soon as it is measured and the money collected, the directors will meet and see how the enterprise will come out financially. It looks now as if there will be a loss of about \$1 per share.

BOTH dynamos have been received but the engine seems to have gone astray. It was shipped a week ago and a tracer has been sent to find it. The wires are stretched and the arc lights hung, so there will be but little to do after the engine is put in place except to turn on the lights. The ice plant is in place and will make its first supply Saturday. The water pipes have been laid nearly to Rowland.

MR. J. C. FLORENCE suggests the establishment of a canning factory here or at Rowland and asks investors to investigate. Such an institution pays handsomely at Elizabethtown, besides gives the farmers a market for their surplus. With so large a supply of vegetables and fruits as could be gotten and with fine water facilities and shipping advantages, there is no reason that such a factory would not pay even better here.

A GOOD lady in town was expecting company on the train Saturday and dressing herself hastily, she started to the depot, but just before arriving there she found she had on her dress wrong side out. She retraced her steps homeward, but before she could make the change her guest arrived and found out the dilemma she was in. A neighbor of the same lady went to prayer meeting the other night without being aware of the fact that her dress was on wrong side out.

CAUGHT DEAD TO RIGHTS.—Thursday night last a negro went to Mr. C. D. Powell's store at midnight and told him he had some meat to sell. Mr. Powell refused to get up, but told the negro to leave it in a room there and come back some other time to trade. Hearing that Mr. Tate's and other meat-houses had been robbed, Mr. Powell sent for Marshal John Newland, but the negro failed to put in an appearance Friday night. John was promptly on hand the next night also and hid himself after Mr. Powell closed his store. About the hour that grave-yards are supposed to yawn a negro rode up and called for the store-keeper. The marshal at once went for the game, but the negro was stout and after pulling the officer all over the rocks made his escape, leaving his horse, which Mr. Newland took in charge. The horse proved to be Mr. Love Lillard's and next day the negro was fooled into coming for him. He gave his name as Robert Perry and admitted that he had stolen the meat from Mr. A. E. Hundley. He was promptly lodged in jail and will have his examining trial as soon as the witnesses can be gotten together, and a dead sure cinch on a penitentiary term seems to be his.

ROTTER.—Of all miserable games of ball ever played on any ground our boys played it Friday at Danville. Notwithstanding they had played a splendid game with the same club Tuesday they were not "in it" at all only three days later and they played a game that the average free school nine should be ashamed of. Twenty-one to one was the score and had the Danvilles tried they could have made it double or treble that number. Boyle Nichols, a back number at pitching, was in the box, but our namesakes could not even hit him. It is true they struck the ball occasionally, but it amounted to nothing as not more than three or four balls were knocked out of the diamond. Daniels, our pitcher, was hit freely and Sullivan caught for five innings a most miserable game. Arthur then attempted to catch, but he has had no practice lately and he did not do much better. Sullivan was put in the box and was unmercifully dealt with by the batters. Arthur tried it a while and was rapped all over the field. Our boys saw they were wholly unequal to the emergency and in the first of the ninth inning threw up the sponge. There were so many errors that it would be folly to attempt to individualize, but sufficient to say it was a miserable game from start to finish.

THE drought is becoming serious. The corn is twisting badly and the meadows are dry and parched. A hot wave has been bearing down on us too for a week, making breathing a difficult operation. The mercury reached 100° in the shade yesterday.

THE other night John Anderson, who was caught in bad company at least once before, came to town and sought the smiles of those tough old negro sinners, Lucy Hansford and Vina Williams. After leaving them John found himself minus \$80-odd dollars and seeking an officer, he had the women arrested. They were lodged in jail and the trial set for yesterday morning, but Anderson failed to appear against them and the case went over till this afternoon, when Anderson again failed to appear and Judge Carson, after listening to the statements of the women, which were the most vilely vulgar ever heard in any court room, discharged them.

SCATTER SEEDS OF KINDNESS.

From Dear Kate's Scrap-Book, and Published in Affectionate Remembrance of Her.

There was never a golden sunbeam That fell on a desolate place,
But left some trace of its presence That time could never efface.
Not a sound of ineffable sweetness That ravished the listening ear,
That slumbered in silence forgotten For many and many a year—
But a word or a tone might awaken Its magical powers anew,
Long after the sweet-voiced singer Had faded from earthly view,
Nor a heart that was ever so weary, Or tainted with sin and despair,
But a word of tender compassion Might find an abiding-place there.

Yet countless thousands are yearning For sympathy, kindness and love,
And souls are groping in darkness Without one gleam from above.
There was never a sunbeam wasted, Nor a song that was sung in vain;
And souls that seem lost in the shadows A Saviour's love may reclaim.

Then scatter seeds of kindness,
Though your deeds may never be known,
The harvest will ripen in glory If the seeds be faithfully sown;
And life will close with a blessing,
And fade into endless day,
Like the golden hues of the sunbeam That fade into endless gray.

OUR CAMPAIGN SONG.

Written by Mr. A. A. Warren.

AIR—HURRAH FOR THE BONNIE BLUE FLAG.

Oh! here's to Grover Cleveland
The brave, the tried, the true,
And here's to A. E. Stevenson,
We know that he will do.
These are our standard-bearers,
We know our cause is just.
We'll win the battle with them,
We can, we will, we must.

CHORUS:
Hurrah! Hurrah!
For Cleveland and reform,
Hurrah for Grover Cleveland
And A. E. Stevenson.

The first democratic President
We had for thirty years,
He dispelled the people's fears
That when the democrats got in
They'd turn the country over
To the rebels and the mugwumps,
But not so with our Grover.

CHORUS:
He filled the high position
Of President of this Nation,
With glory to his party
And the highest exaltation—
Of his sense of justice and of right,
To men of all conditions,
The rich, the poor, the high, the low,
The private after pensions.

CHORUS:
We've tried four years of Harrison,
We've tried four years of din,
We'll try our glorious ticket,
We're sure that it will win.
We're going to get the people's choice,
We'll gain the victory,
We're determined that our people
From high tariff shall be free.

CHORUS:
We'll lift the burden from our sons,
Our fathers and our men,
We'll vote for honest Grover,
Go back on Grand-pa's Ben.
We'll own the Gladders and the Quays,
We'll Platts and Daddies, too,
We're for the whole great people,
The red, the white, the blue.

CHORUS:
We think our man, Will Harrist,
Who hails from Penn's old woods,
Can down the Harrison cow-boy,
We've got dollars to their goods
That say our Cleveland's "right"
Until the fight is over,
We believe that next November
Will give it to our Grover.

CHORUS:
He'll veto Lodge's force bill,
He'll stop the treasury steal,
He'll make the "barons" squeal
He's for the golden dollar,
And for the greenback, too,
He'll down on silver dollars,
That are worth but seventy-two.

CHORUS:
So here's to Grover Cleveland,
The brave, the tried, the true,
The greatest representative
Democracy ever knew.
We're for him for his honesty,
His patriotism and his truth,
His backbone, strict integrity,
His Frances and his Ruth.

CHORUS—Copyrighted.

THE GENERAL ASSEMBLY.

—At present there is no law to make traction engines pay toll on turnpikes and to remedy it a bill has been presented in the House.

—The House refuses to accede to the Senate's demand for free cigarettes. It wants them sold only when a license of \$300 is paid to do so.

—The value of bank and corporation stocks and franchises to be assessed by the State auditor, under the revenue and taxation bill, as amended by the Senate, is over \$200,000,000.

—County Judges are receiving copies of the new magisterial redistricting law, under which they must appoint commissioners who must get to work redistricting the counties by the first Monday in next month.

—The bill to prevent any person from being an engineer until he has been a fireman four years, which has passed the House, ought to be carefully considered by the Senate and rejected. Such a law is not needed for the purpose it is pretended to be for.

—The late W. S. Culbertson, the millionaire banker of New Albany, cut off two of his grandsons with \$100 each because he had heard they indulged in horse-racing.

—There were 25 cases of sunstroke and two deaths in Chicago Sunday. It was as hot every where as hades.

Refreshing Retreats.

Summer days are fast approaching and now is the time that excursionists, pleasure-seekers and sportsmen should figure out a route for their summer vacation. In doing so, the delightfully cool summer and fishing resorts located along the Wisconsin Central Lines come vividly to view, among which are Fox Lake, Ill.; Lake View, Ill.; Mukwonago, Waukegan, Cedar Lake, Neenah, Waubesa, Fishel, Bettendorf and Ashland, Wis. Wisconsin has within the last five years become the center of attraction for more pleasure-seekers, hunters and fishermen than any other State in the Union and each visit increases the desire to again see the charming landscapes, breathe the balmy fragrance that is a part of the invigorating atmosphere, wander through the colonnades of stately pines and look the spectacle of beauty with a hand-made fly. For pamphlets containing valuable information, etc., apply to T. S. PATTY, D. P. A., Chattanooga, Tenn. Agent, Chicago, Ill.

Cholera Infantum is the most terrible disease of the introduction of Chamberlain's Colic, Cholera and Diarrhea Remedy. When that remedy is used and the treatment as directed with each bottle is followed a cure is certain. Mr. A. W. Walter, a prominent merchant at Waltersburg, Ill., says: "It cured my baby of cholera infantum after several other remedies had failed. The child was so low that he seemed almost beyond the aid of human hands or reach of any medicine. 25 and 50 cent bottles for sale by Dr. M. L. Bourne, Druggist and Optician, Stanford, Ky."

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive you have a bilious look, if your stomach is out of order you have a dyspeptic look and if your kidneys be affected you have a pinched look. Secure your health and you will have good looks. Electric Bitters is the great alterative and tonic, acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at A. R. Penny's drug store, 50 cents per bottle.

Guaranteed Cure for La Grippe.

We authorize our advertised druggist to sell you Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition: If you are afflicted with La Grippe and will use this remedy according to directions, giving it a fair trial and experience no benefit, you may return the bottle and have your money refunded. We make this offer because of the wonderful success of Dr. King's New Discovery during last season's epidemic. Have heard of a case in which it failed. Try it. Trial bottles free at A. R. Penny's drug store. Large size 50 cents.
